

## AMERICAN ICE DREAM

System based on Expert LVF  
equipped with functions allowing  
**THE EFFECT:**

**we  
know  
how  
to do  
it** 

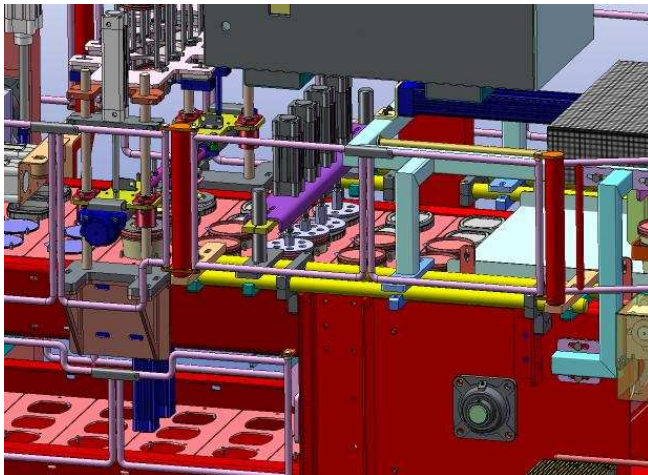

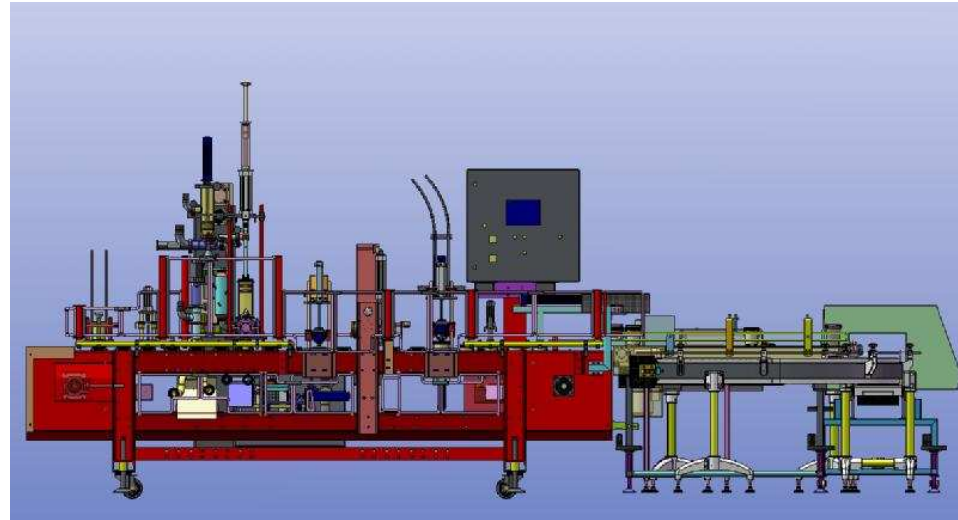

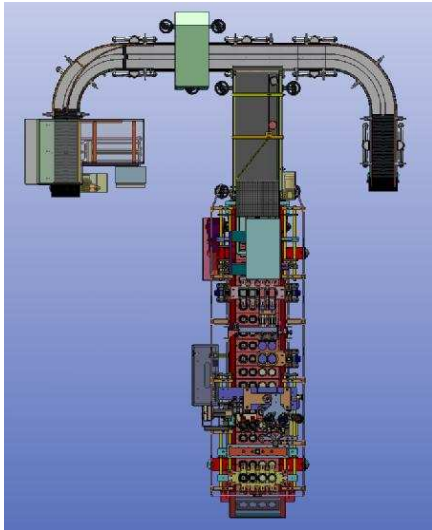

- Low-overrun ice cream (500ml cup weighs ca. 440g), with large inclusions (even up to 10x10 mm) and irregular stripes of caramel or fruit, chocolate sauce etc.
- Dosing up to the edge of the cup
- Cup sealed with thermo-sealable material and covered with additional lid (cardboard or plastic)

**TYPICAL CONTAINERS:**

# AMERICAN ICE DREAM

**we  
know  
how  
to do  
it** 

Order a film showing the system at work, which we render accessible only by a written order confirmation with a trade secret clause. Ask for the order form.

Remember, we know how to make your  
**AMERICAN ICE DREAM**  
come true!

**ice cream machines**
